

Lo's Farm - 814 South Head Road, Rodney, Auckland

A free-range broiler farm - Tegel's supplier. There is a picnic spot just to the south. Easy for drop-off or park. 17 IR cameras, several around the entry point. Hard not to trigger one due to the deep undergrowth preventing widening approach.

The first camera on approach is a Eufy home sec cam, probably belonging to the house. Easy to go behind.
